1. Show the `name` and `price` of every product that costs less than $100.
2. Show the `order_id` and `order_date` of every order Jane Smith placed.
3. For every order, show the `order_id`, the customer's `first_name`, and the product's `name`, sorted by `order_id`.
4. Show the `first_name` and `last_name` of every customer who bought the Cashmere Sweater.
5. For each customer who placed at least one order, show their `first_name` and `total`, the sum of the prices of the products they ordered.
6. For every customer, including any with no orders, show their `first_name` and `num_orders`, the number of orders they placed.
